DC MLR Weekly Newsletter

DC MLR Newsletter: Volume 12

Excitement is building here at DC MLR as we formalize our schedule for 2019. Although we won't enter full MLR competition until the 2020 season, we will use 2019 to build the foundations of a team – starting with a focus on recruiting from our region's rugby community. We're already receiving interest from many outstanding players (click [here](#) if interested) and, by March, we expect to host player combines in Mid-Atlantic locations from DC to Philadelphia and Charlotte, NC.

Interested players should throw their hats in the ring, as we're already seeing applicants from across the U.S. and around the world. Training in April of 2019 will prepare DC's first-ever professional rugby team for games in May and June! We expect to announce our full 2019 exhibition schedule in the upcoming weeks.
